Savage Development Inc.  
1125 Diamond Rim Dr.  
Colorado Springs, CO 80921

Mr. Savage,

The development known as High Plains Filing No.1 is located within the boundaries of the Black Forest Fire Rescue Protection District response area. However, the parcel in question is currently not part of the Black Forest Fire Rescue Protection District. Black Forest Fire Rescue Protection District will provide fire and emergency services to this to this development on a temporary basis, and on a permanent basis following a completed and approved Petition for Inclusion.

The Black Forest Fire Protection District is a participating member of a regional coalition of fire department called the North Group. This group was designed to provide increased response capabilities to all-hazards incidents, including structure fires, through the use of automatic-aid and mutual aid. The group consists of the following fire departments: Black Forest, Falcon, Wescott, Tri-Lakes Monument, Air Force Academy, Larkspur, and Palmer Lake. The automatic and mutual aid agreement is solidified by an intergovernmental agreement between all entities.

The initial response, for a structure fire, will include three 1250 GPM pumper, one Ladder Company, and five water tenders, totaling 15,000 gallons of water on an initial dispatch. Additional response apparatus are available based need and conditions noted upon arrival of the scene.

BFFRPD has an ISO rating of 4 for areas within 1000' of a hydrant water system and 5 road miles of a fire station, and a hauled water rating of 5 for areas within 5 road miles of a fire station.

The primary response station will be BFFRPD Station #2, located at 16465 Ridge Run Dr., approximately .5 road miles away.

If you have any comments, questions or concerns please feel free to contact me.

Respectfully,

Bryan J. Jack
