To Whom It May Concern:

We are requesting an approval of an amendment to the PUD for Lot 8 Forest Lakes Filing No. 3 to relocate the building centrum as approved on the Forest Lakes PUD. The location of the centrum was not due to any physical or geologic hazards, but rather to reflect where the original developer anticipated the best views for the site. Other lots surrounding Lot 8 have developed in a manner in which the placement of homes on those lots have blocked the views from Lot 8 should a home be located within the existing centrum.

We are proposing moving the centrum 100 feet west from its center point as shown on the attached exhibit.
