

This form has been discontinued and is no longer necessary on any projects. Please delete from your server/computers (and let your co-workers know) so no one ever wastes time filling it out on future projects. We will try to remove it from future EDARP submittal requests (but EDARP is notoriously hard to edit/update). In the future if you see this doc on your submittal request list, you can just upload a blank doc that says "document not required." Thanks!
