Notice:

According to Colorado Law you must commence any legal action based upon any defect in this survey within three years after you first discover such defect. In no event may any action based upon any defect in this survey be commenced more than ten years from the date of certification shown hereon.

Notes:

- 1.. This survey does not constitute a title search by Alessi and Associates, Inc., to determine ownership or easements of record. For information regarding easements, rights of way, Alessi and Associates, Inc. relied upon the Title Policy prepared by North American Title Insurance Company of Colorado, File Number 36200-16-01707, dated August 15, 2016.
- 2.. The property owner, its successors and assigns, and all future lot owners in this development are hereby on notice that they may be required to comply with applicable rules, if any, of the Colorado Ground Water Commission and/or the Upper Black Squirrel Creek Ground Water Management District, which compliance may result in a reduction of well withdrawal limits, and thus a reduction in water availability.
- 3.. Basis of Bearings as shown, North determined by Leica GPS 1200 System. Monumentation, as shown.
- 4.. Sewage treatment is the responsibility of each individual property owner. The El Paso County Health Department and Environment must approve each system and, in some cases the Department may require an engineer designed system prior to permit approval.
- 5.. Individual wells are the responsibility of each property owner. Permits for individual wells must be obtained from the State Engineer who by law has the authority to set conditions for the issuance of these permits.
- 6.. Water in the Denver Basin Aquifers is allocated based on a 100-year aquifer life; however, for El Paso County planning purposes, water in the Denver Basin Aquifers is elevated based on a 300-year aquifer life. Applicants, the Home Owners Association, and all future owners in the subdivision should be aware that the economic life of a water supply based on wells in a given Denver Basin Aquifer may be less than either the 100 years or 300 years indicated due to anticipated water level declines. Furthermore, the water supply plan should not rely solely upon non-renewable aquifers. Alternative renewable water resources should be acquired and incorporated in a permanent water supply plan that provides future generations with a water supply.
- 7.. No driveway shall be established unless an access permit has been granted by El Paso County. Existing Domestic Well Permit and existing well.
- 8.. All Property owners are responsible for maintaining proper storm drainage in and through their property. Public drainage easements as specifically noted on the plat shall be maintained by the individual lot owners unless otherwise indicated. Structures, fences, materials or landscaping that could impede the flow of runoff shall not be placed in drainage easements.

- 9.. Mailboxes shall be installed in accordance with all El Paso County Department of Transportation and United States Postal Service regulations.
- 10.. Developer shall comply with federal and state laws, regulations, ordinances, review and permit requirements, and other agency requirements, if any, of applicable agencies including, but not limited to, the Colorado Department of Wildlife, Colorado Department of Transportation, U.S. Army Corps of Engineers, the U.S. Fish & Wildlife Service regarding the Endangered Species Act, particularly as it relates to the Preble's Meadow Jumping Mouse as a listed threatened species.
- 11.. The following reports have been submitted and are on file at the Department of Development: Soils and Geological, Water Supply, Drainage and Sewage Disposal.
- 12.. All structural foundations shall be located and designed by a Professional Engineer, currently registered in the State of Colorado. Natural drainage locations shall be avoided by construction and site-specific foundation/septic investigations shall be required.
- 13.. No Structures or major material storage activities are permitted within the designated drainage easements, except fences; fences shall not impede runoff from reaching drainage swales.
- 14.. The addresses exhibited on this plat are for informational purposes only. They are not the legal description and are subject of change.
- 15.. Property within this subdivision is subject to the terms and provisions of the El Paso County Road Impact Fee Program (Resolution 18-471) and any subsequent amendments. Fees for each lot within this subdivision shall be paid in full at the time of building permit issuance. The road impact fee is based on the established rate at the time of building permit application.
- 16.. Individual lot purchasers are responsible for constructing driveways, including necessary drainage culverts from Teleo Point Road per Land Development Code Section 6.3.3.C.2 and 6.3.3.C.3. Due to the length, some of the driveways will need to be specifically approved by the Falcon Fire Protection District.
- 17.. There shall be no direct lot access to Curtis Road.

Any notes in the Title Commitment in reference to easements or rights-of-way shall be included in the notes of the final plat.

The current resolution is now 19-471. Please revise.
