Re: Nonapplicable Storm Water Submittals for Orton Pit and Golden Eagle Ranch Plant Site

To Whom it Concerns,

Following conversations with Glenn Reece from the storm water team at the El Paso County Department of Public Works it is CRCC's understanding that the following documents are only necessary if a permanent storm structure is constructed at the Orton Pit or Golden Eagle Ranch Plant Site:

- Detention Maintenance Agreement
- MS4 Post Construction Form
- Stormwater Detention & Infiltration Design Data Worksheet
- PDB/BMP Operations and Maintenance Manual

CRCC does not plan to construct any permanent storm structures (detention ponds, retention ponds, outfall structures, etc) and therefore it is our understanding that these submittals should not apply to the associated special use permit application.

Sincerely,

Travis Bell  
General Superintendent
