SURVEYOR'S NOTES

1. NOTICE: According to Colorado law you must commence any legal action based upon any defect in this survey within three years after you first discover such defect. In no event may any action based upon any defect in this survey be commenced more than ten years from the date of the certification shown hereon.
2. Any person who knowingly removes, alters or defaces any public land survey monument or land boundary monument or accessory commits a class 2 misdemeanor pursuant to the Colorado Revised Statute 18-4-508.
3. The lineal units used in this drawing are U.S. Survey Feet.
4. This survey was performed in the field on April 27, 2018.
5. The overall subject parcel contains a calculated area of 1,616,553 square feet (37.111 acres) of land, more or less.
6. This survey does not constitute a title search by Barron Land, LLC to determine ownership or easements of record. For information regarding easements, rights-of-way and title of record, Barron Land, LLC relied upon Title Commitment No. 507-F0633407-370-CSP with an effective date of March 18, 2019 as provided by Fidelity National Title insurance Company.
7. Bearings are based on the East line of the Southwest 1/4 of Section 21, Township 11 South, Range 66 West of the 6th P.M., monumented as shown, and is assumed to bear S 01°32'53" E.
8. All property owners are responsible for maintaining proper storm water drainage in and through their property. Public drainage easements as specifically noted on the plat shall be maintained by the individual lot owners unless otherwise indicated. Structures, fences, materials or landscaping that could impede the flow of runoff shall not be placed in drainage easements.
9. Unless otherwise indicated, all side, front, and rear lot lines are hereby platted on either side with a 10 foot public utility and drainage easement unless otherwise indicated. All exterior subdivision boundaries are hereby platted with a 20 foot public utility and drainage easement. The sole responsibility for maintenance of these easements is hereby vested with the individual property owners.
10. Developer shall comply with federal and state laws, regulations, ordinances, review and permit requirements, and other agency requirements, if any, of applicable agencies including, but not limited to, the Colorado Division of Wildlife, Colorado Department of Transportation, U.S. Army Corps of Engineers and the U.S. Fish and Wildlife Service regarding the Endangered Species Act.
11. The addresses exhibited on this plat are for informational purposes only. They are not the legal description and are subject to change.
12. No driveway shall be established unless an access permit has been granted by El Paso County.
13. No lot or interest therein, shall be sold, conveyed, or transferred whether by deed or by contract, nor shall building permits be issued, until and unless either the required public and common development improvements have been constructed and completed and preliminarily accepted in accordance with the Subdivision Improvements Agreement between the applicant/owner and El Paso County as recorded under Reception Number _____ in the Office of the Clerk and Recorder of El Paso County, Colorado or, in the alternative, other collateral is provided to make provision for the completion of said improvements in accordance with the El Paso County Land Development Code and Engineering Criteria Manual. Any such alternative collateral must be approved by the Board of County Commissioners or, if permitted by the Subdivision Improvements Agreement, by the Director and meet the policy and procedure requirements of El Paso County prior to the release by the County of any lots for sale, conveyance or transfer. This plat restriction may be removed or rescinded by the Board of County Commissioners or, if permitted by the Subdivision Improvements Agreement, by the Department Director upon either approval of an alternative form of collateral or completion and preliminary acceptance by the El Paso Board of County Commissioners of all improvements required to be constructed and completed in accordance with said Subdivision Improvements Agreement. The partial release of lots for sale, conveyance or transfer may only be granted in accordance with any planned partial release of lots authorized by the Subdivision Improvements Agreement.
14. Individual lot purchasers are responsible for constructing driveways, including necessary drainage culverts from Baptist Road and Roller Coaster Road per Land Development Code Section 6.3.3.C.2 and 6.3.3.C.3. Due to their length, some of the driveways will need to be specifically approved by the Black Forest Fire Protection District.
15. Individual wells are the responsibility of each property owner. Permits for individual wells must be obtained from the State Engineer who by law has the authority to set conditions for the issuance of these permits.
16. Water in the Denver Basin Aquifers is allocated based on a 100-year aquifer life; however, for El Paso County planning purposes, water in the Denver Basin Aquifers is evaluated based on a 300-year aquifer life. Applicants and all future owners in the subdivision should be aware that the economic life of a water supply based on wells in a given Denver Basin Aquifer may be less than either the 100 years or 300 years indicated due to anticipated water level declines. Furthermore, the water supply plan should not rely solely upon non-renewable aquifers. Alternative renewable water resources should be acquired and incorporated in a permanent water supply plan that provides future generations with a water supply.
17. Excluded from the Donala Water and Sanitation District per Court decision made per document recorded at Reception No. 213030701 on March 8, 2013, El Paso County records.
18. The Federal Emergency Management Agency, Flood Insurance Rate Map No. 08041C0285G, effective date December 7, 2018 shows this parcel in Zone X (Areas determined to be outside the 0.2% annual chance floodplain).
19. At the time of approval of this project, this property is located within the Black Forest Fire Protection District, which has adopted a Fire Code requiring residential fire sprinkler requirements for covered structures over 6000 square feet in size, and other fire mitigation requirements depending upon the level of fire risk associated with the property and structures. The owner of any lot should contact the fire district to determine the exact development requirements relative to the adopted Fire Code. Due to wildfire concerns, homeowners are encouraged to incorporate wildfire fuel break provisions as recommended by the Colorado State Forest Service and illustrated through publications available through the State Forest Service. **Wildfire Plat Restriction:** As a condition of approval of this plat by the Board of County Commissioners, no conveyance, sale or transfer of title of lots 1 and 2 identified hereon, shall be made, nor any building permit or certificate of occupancy be issued by El Paso County, until such times as the following has been accomplished by (the developer, homeowner, whomever is responsible).
20. Mailboxes shall be installed in accordance with all El Paso County Department of Transportation and United States Postal Service regulations.
21. Subject property is held to the conditions, covenants, restrictions and easements for White Trail Ridge, document recorded in Reception No. 214076341 and amended in Reception No.'s 214108456, 214109293, 215073369 and 216076490, El Paso County Records.
22. The following reports have been submitted in association with the Minor Subdivision Plat for this subdivision and are on file at the County Planning and Community Development Department: Drainage Report; Water Resources Report; Fire Protection Report; Wildfire Hazard Report; Natural Features Report and Geology and Soils Study with Wastewater Study, Curtis Subdivision, Filing No. 1, Monument, Colorado (Rocky Mountain Group [RMG], December 9, 2019).
23. Sewage treatment is the responsibility of each individual property owner. The El Paso County Department of Health and Environment must approve each system and, in some cases the Department may require an engineer designed system prior to permit approval. These systems may cost more to design, install, and maintain.
24. There shall be no permanent access to Baptist Road for Lot 2. A conditional access may be provided from Baptist Road for Lot 2. The conditional access shall be relocated by the individual property owners upon request by the County.
25. The subdivides agree on behalf of him/herself and any developer or builder successors and assigns shall be required to pay traffic impact fees in accordance with the countywide transportation improvement fee resolution (Resolution 18-471), as amended in 2019, at or prior to the time of building permit submittals. The Fee obligation, if not paid at final plat recording, shall be documented on all sales documents and on plat notes to ensure that a title search would find the fee obligation before sale of the property.
26. Water Supply: Individual wells are the responsibility of each property owner. Permits for individual wells must be obtained from the State Engineer who by law has the authority to set conditions for the issuance of these permits. Water in the Denver Basin Aquifers is allocated based on a 100-year aquifer life; however, for El Paso County planning purposes, water in the Denver Basin Aquifers is evaluated based on a 300-year aquifer life. Applicants and all future owners in the subdivision should be aware that the economic life of a water supply based on wells in a given Denver Basin Aquifer may be less than either the 100 years or 300 years indicated due to anticipated water level declines. Furthermore, the water supply plan should not rely solely upon non-renewable aquifers. Alternative renewable water resources should be acquired and incorporated in a permanent water supply plan that provides future generations with a water supply. Water withdrawal and wells are subject to limitations, restrictions and augmentation requirements and responsibilities as found within the Covenants for this subdivision recorded in Reception No. 610000519, of the Office of the El Paso County Clerk and Recorder and the terms of the water court approved water augmentation plan.
27. No-build areas shown on this plat are due to steep slopes exceeding 30% in these areas. No structures or septic systems shall be constructed in these areas.
28. The Future owner of Lot 2 will be responsible for the road impact fees which will be based on the established rate at the time of the building permit application.
