### **Brown Extended Family Guest House, AL-19-015**

Please accept the following comments from El Paso County Public Health for the special use project referenced above:

- Water service for both dwellings on the lot will be by an existing individual private well.
- Wastewater service for the existing dwelling is by an onsite wastewater treatment system (OWTS) installed in 2007. It is recommended that an OWTS professional inspect gravity fed OWTS's at least every 4 years.
- A New OWTS Permit for the proposed second dwelling is required. Full compliance with Chapter 8 (OWTS Regulations) of the El Paso County Board of Health Regulations is required.
- No public health issues noted with the approval of this request.
