Red Rock Reserve Vacate and Replat, VR-17-015

Please accept the following comments from El Paso County Public Health for the vacation replat request referenced above:

- **El Paso County Public Health supports the proposed vacation and replat request. The property owners are required to locate both a primary and secondary site for the onsite wastewater treatment systems, soil treatment areas (STA).**
- **El Paso County Public Health requires protection of the selected primary and secondary OWTS soil treatment areas from possible construction equipment compaction. Protection of these areas with orange construction-type fencing or other similar fencing during the site development process is necessary.**
