Subject: Windermere Subdivision Preliminary Plan Amendment (SP19-03)

Dear Kari,

The Planning Division of the Community Services Department has reviewed the development application for the Windermere Preliminary Plan Amendment on behalf of El Paso County Parks. The Park Advisory Board will consider the Preliminary Plan Amendment on April 9, 2019 and its recommendation will be provided after the meeting.

The Windermere Subdivision is located in the northwest corner of the N Carefree Circle and Marksheffel Road intersection. The 52.07-acres site is zoned RS-5000 with a maximum total of 202 single-family residential lots proposed. The project will be developed in four phases with Phase I proposing 53 lots, Phase II- 45 lots, Phase III- 40 lots and Phase IV- 64 lots. Eight tracts are proposed for utilities, drainage and landscaping with Tract C dedicated for a 1-acre pocket park.

This project was previously considered by the Park Advisory Board on November 12, 2014. The applicant submitted for a concurrent review for a rezone, preliminary plan, and Filing no. 1 final plat. The applicant also intended to pursue a park lands agreement for a pocket park within the development, in exchange for receiving credit against the required urban park fees for all three proposed filings of the development. The Park Advisory Board endorsed fees in lieu of land dedication for regional and urban park fees, with dedication of urban park improvement under a park lands agreement as an acceptable alternative to the required urban fees.

The preliminary plan was approved by the Board of County Commissioners on April 28, 2015. However, the Filing No. 1 Final Plat was never recorded and the Preliminary Plan has since expired. Additionally, the associated Park Lands Agreement was never presented to the Park Advisory Board for consideration or approved by the Board of County Commissioners.

The applicant submitted for a reconsideration of the expired preliminary plan and obtained approval from the Board of County Commissioners on July 31, 2018. The preliminary plan is now valid through July 31, 2020. This current application is an amendment to the preliminary plan that revises the number of residential lots from 201 to 202.

Similar to the original Preliminary Plan, the applicant is seeking a park lands agreement to provide urban park amenities as credits against required urban park fees. A proposed park lands agreement is outlined in the letter of intent and on the preliminary plan drawing notes. However, because the original preliminary plan has expired, and no park lands agreement was presented to the Park Advisory Board, the applicant must submit a new park lands agreement proposal for consideration.

The 2013 El Paso County Parks Master Plan does not show any regional trail connections directly adjacent to this project. An on-road bicycle lane is located along Marksheffel Road, and there are numerous City parks and trails in the vicinity of the project.

The applicant intended to pursue a park lands agreement for a pocket park within the development, in exchange for receiving credit against the required urban park fees for the 202-residential lot development. The revised agreement must be presented to the Park Advisory Board and approved by the Board of County Commissioners.

El Paso County Parks staff recommends fees in lieu of land dedication for regional park purposes in the amount of \$92,112 and urban park fees in the amount of \$58,176. A park lands agreement may be an acceptable alternative to required urban park fees provided the agreement is approved by the County and executed prior to recording the forthcoming final plats.

Recommended Motion:

Recommend to the Planning Commission and Board of County Commissioners approval of the Windermere Preliminary Plan Amendment (SP19-003) with the following condition: Fees in lieu of land dedication for regional park purposes in the amount of \$92,112 and urban park fees in the amount of \$58,176 will be required at time of the recording of the forthcoming final plats. A park lands agreement may be an acceptable alternative to required urban park fees provided the agreement is approved by the County and executed prior to recording the forthcoming final plats.

If you have any questions or concerns, please contact me directly at your earliest convenience.

 Community: \$175 / Unit x # of Dwelling Units = \$35,350
Total Urban Park Fees: \$58,176

ADDITIONAL RECOMMENDATIONS

Staff Recommendation: Recommend to the Planning Commission and Board of County Commissioners that approval of the Windermere Preliminary Plan includes the following condition: fees in lieu of land dedication for regional park purposes in the total amount of \$92,112 and urban park fees in the total amount of \$58,176 will be required at time of the recording of the forthcoming final plat(s). A Park Lands Agreement may be an acceptable alternative to urban park fees provided the agreement is approved by the County and executed prior to recording the final plat.

**RE: Letter of Intent & Justification Statement
Windermere
Preliminary Plan Amendment**

Ms. Parsons,

Please accept this letter of intent and the enclosed supplemental material as Drexel, Barrell & Co's application and request for approval of an amendment to the Preliminary Plan for Windermere, on behalf of Windsor Ridge Homes, to be developed as a single family residential property. The approximate 52.07 acre site will consist of 202 single family lots. We request approval of this amendment to the Preliminary Plan which has been prepared in accordance with El Paso County criteria.

Location

The site is located at the northwest corner of Marksheffel Road and North Carefree Circle. Antelope Ridge Drive forms the western boundary, and Chateau at Antelope Ridge subdivision lies to the north. The site contains a 3.51 acre Tract A of the Chateau at Antelope Ridge Filing No. 2.

Zoning / Land Use

The site is currently zoned for RS-5000 CAD-O (Residential Suburban / Commercial Airport District) and is currently undeveloped. The land to the west of the site is zoned as suburban RS-6000, and a PUD zoned subdivision lies to the north. The land to the south opposite N. Carefree Cir. is zoned RR-5 and owned by the City of Colorado Springs. The land to the east of Marksheffel Road is zoned R5/CR PIP2/CR SS AO and R1-6 PBC/CR PIP2/CR R5/CR SS AO for use as part of the Banning Lewis Ranch Master Plan with the City of Colorado Springs.

Existing Facilities

Sanitary Sewer is located at the east central portion of the site. Water mains are located in Antelope Ridge Drive. Existing electric and communication facilities are located on the site perimeter. A natural gas main is located along Antelope Ridge Drive on the west end of the site.

Preliminary Plan

The project consists of 202 single family lots at a minimum of 5,000 s.f. each. The gross density of the project will be a minimum of 3.6 units per acre to a maximum of 6.2 units per acre, according to RS-5000 zoning standards. The project will be constructed in four phases. **Phase 1 will consist of 19.13 acres and include 53 residential lots and a detention facility.** **Phase 2 will consist of 9.58 acres and include 45 residential lots.** **Phase 3 will consist of 9.07 acres and include 40 residential lots and a neighborhood park.** Phase 4 will consist of 14.27 acres and include 64 residential lots and a detention facility.

Traffic / Access / Noise

It is requested the Windermere Subdivision be placed in the 10 mill Traffic Improvement District.

Windermere subdivision will be accessed via two full-movement access points from Antelope Ridge Drive on the west side of the subdivision. The southern access will line up with the existing intersection with Pronghorn Circle, approximately 540 feet north of North Carefree Circle. The north access point will be approximately 770 feet north of the southern access point. Windermere subdivision will also have a right-in/right-out access point from Marksheffel Road on the east side of the subdivision.

A Traffic Analysis prepared by LSC Transportation Consultants Inc. shows that all site access points will operate at satisfactory levels of service as stop-sign-controlled intersections based on the projected short term and 2040 total traffic volumes. The only road improvements required would be restriping on Antelope Ridge to provide southbound left-turn lanes approaching each of the three site access points.

LSC has also produced a noise study to analyze the impact of projected road traffic noise from traffic on Marksheffel Road and North Carefree Circle on the proposed residential development. The report concludes that the 2040 noise levels will not exceed the 67 decibel req threshold. Nonetheless, a 6-foot precast concrete panel noise fence is proposed along the perimeter of the site.

Utilities

Water and sanitary sewer services will be provided by Cherokee Metropolitan District. Electric and natural gas will be provided by Mountain View Electric Association Inc. and Colorado Springs Utilities respectively. The communications provider will be contracted by the developer.

Schools

The project is located within Falcon District No. 49. Sand Creek High School and Evans Elementary School are located approximately $\frac{3}{4}$ miles to the west of the site, and Springs Ranch Elementary School is located approximately $\frac{3}{4}$ miles to the

north west of the site. No land dedication is required at this time; fees in lieu of land are required.

Drainage

The site currently lies within the Sand Creek Drainage Basin. Drainage improvements will be constructed in accordance with the approved Final Drainage Report and Construction Documents as applicable, including a sub-regional WQ/Detention pond on the north end of the site and a local WQ/Detention pond on the south end.

Parks / Open Space

The 1.00 acre park to be constructed in Phase 1 will serve the entire development project. As the park is less than 3 acres, it does not qualify as an urban park for the purposes of meeting the dedication requirements as outlined in the El Paso County Parks and Open Space Standards in Section 8.5.3 of the Land Development Code. The fees per subdivision lot in lieu of park land dedication are \$101 for Urban Parks and \$407 for Regional Parks. The required fees in lieu for this project are:

	2018 Fees	Phase 1 (114)	Phase 2 (89)	Total (203)
Urban – Neighborhood	\$101	\$11,514	\$8,989	\$20,503
Urban – Community	\$156	\$17,784	\$13,884	\$31,668
Regional	\$407	\$46,398	\$36,223	\$82,621
Total	\$664	\$75,696	\$59,096	\$134,792

Require fees in lieu of land for regional park purposes in the amount of \$82,621, and urban park purposes in the amount of \$52,171. Dedication of urban park improvements under a park lands agreement is an acceptable alternative to urban fees, provided that the agreement is approved by the County and executed prior to recording the final plat.

Metropolitan District

The property is located within the Cherokee Metropolitan District.
