Division of Water Resources,

I'm representing Tri-State Generation & Transmission Inc. (TSGT) on the above referenced project in El Paso County. As part of the second round comments we received from the County's Stormwater Department, they asked that we provide proof of submittal for the project's NOI to Construct a Non-Jurisdictional Water Impoundment Structure.

Please review the attached form and let me know if you have any questions or comments. I will use your response as proof of submission and we're looking to resubmit to the County this Friday (9/18).

Thank you for your support. - Derek
