### **Grazing Life Agritainment, PPR-19-023**

Please accept the following comments from El Paso County Public Health for the project referenced above:

- **The permitted and approved onsite wastewater treatment system (OWTS) was installed in 1977 and sized for a 1-bedroom house. The soil treatment area (STA) is located east of the house. Do not use this area for any parking or storage. A map of the OWTS components is available on the El Paso County Assessor's Office website.**
- **There are no El Paso County Public Health issues noted as they were well explained in the Letter of Intent.**
- **The food caterer must have a current Retail Food Establishment License.**
- **Portable toilets are acceptable for temporary use only which this plan complies with.**
- **Bottled water must be from an approved source.**
- **Solid waste must be removed as needed.**
