**REQUIRED: Provide a complete written scope of work to be performed on the property.**

A new waste water system is to be built on said property, to accomodate a single wide home being installed. This home will be a private residence.

The following documents MUST be included with your application.

- A soils report: including at least 2 soil profile excavation pits, in accordance with section 8.5 A-F of OWTS regulations
- A clear and legible design document: including the proposed and alternate locations, profile pit locations with respect to system layout, labeled with all setbacks to pertinent structures and features in table 7-1.
- Provide directions to property, from a main highway, on the backside of application.

**Failure to provide the above listed documents may result in denial of the permit application**

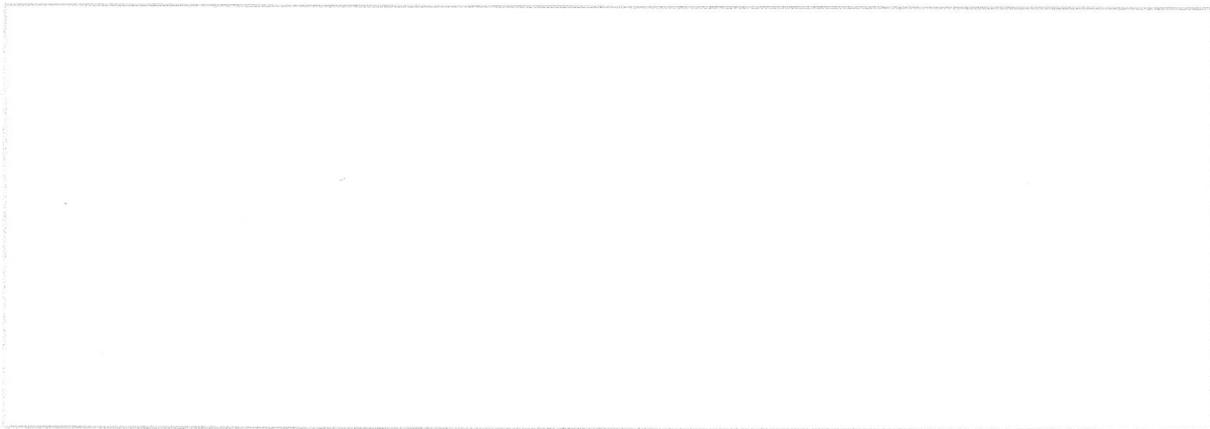

I certify that the information provided on this application is in compliance with the Chapter 8 Onsite Wastewater System (OWS) Regulations of the El Paso County Board of Health. I also authorize the assigned representative of El Paso County Public Health to enter onto this property in order to obtain information necessary for the issuance of a permit.

Applicants Signature: Maria Aguilar Date: 10/12/2020
