Meadow Lake Airport Expansion, AASI-18-001

Please accept the following comments from El Paso County Public Health regarding the project referenced above:

- **No public health issues were noted with the planned expansion of the airport. The report covered in detail numerous environmental laws and regulations to consider with the planned turf runway, and there were no environmental non-compliance issues or concerns identified.**
- **If there is earthmoving activity in excess of one acre, but less than twenty-five acres, then a local Construction Activity Permit from El Paso County Public Health is required. Go to <https://www.elpasocountyhealth.org/service/air-quality/construction-activity-application> for more information.**
