### **Rolling Thunder WD Building, PPR-24-14**

Please accept the following comments from El Paso County Public Health regarding the project referenced above:

- **Water service is thought to be provided by Falcon Highlands Metropolitan District (FHMD). The water system is assigned the PWSID# CO-0121247 from the Colorado Department of Public Health and Environment, and if FHMD is the intended water service provider a finding of sufficiency in terms of water quality is made.**
- **Wastewater service to be provided by Falcon Highlands Metropolitan District.**
- **Radon resistant building techniques/practices are encouraged to be used in this area. The EPA has determined that Colorado, and the El Paso County area have potentially higher radon levels than other areas of the country.**
- **If a regulated facility is constructed, El Paso County Public Health requires interior finish plans to be submitted for possible review and approval prior to commencement of construction.**
- **Earthmoving activity more than one acre, but less than twenty-five acres, requires a local Construction Activity Permit from El Paso County Public Health. Go to <https://www.elpasocountyhealth.org/service/air-quality/construction-activity-application> for more information.**
