Subject: Comments on a proposed Glamping II Operation in Monument, Colorado

Dear Chris Jeub:

Thank you for contacting the U.S. Fish and Wildlife Service (Service). We appreciate you informing us of your analysis and your determination that there will be no effect to listed, proposed, or candidate species. Neither section 7 of the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C 1531 *et. seq.*), nor implementing regulations under section 7 of the ESA, require the Service to review or concur with projects where “no effect” determinations have been made for all species or designated critical habitat potentially affected by a project. Therefore, the Service will not provide additional response beyond this notification. We appreciate your efforts to ensure the conservation of threatened and endangered species.

We appreciate your efforts to ensure the conservation of threatened and endangered species. If you have questions or comments related to this project, please contact Kate Lunz of this office at kathleen_lunz@fws.gov.

Sincerely,

Kate Lunz
