

Fire Commitment Letters

For

Williams Creek Generating Station

Hanover Fire Protection District
13325 Old Pueblo Road
Fountain, CO 80817
(719) 382-1900

The **Hanover Fire Protection District (HFPD)** is the agency responsible for providing fire protection and emergency response services to this address.

Security Fire Department provides the District's primary ground ambulance transport service, with **Fountain Fire Department** serving as a secondary ground transport resource.

Hanover Fire Protection District **Station 2** is the primary responding station for this location and is staffed **24 hours a day, 7 days a week**. Station 2 is located approximately **10 minutes west of the project**, based on current roadway access and normal response conditions. Actual emergency response times may vary depending on weather, traffic, road conditions, unit availability, and concurrent emergency incidents.

For structure fires and other incidents requiring additional resources, Hanover Fire Protection District participates in the **South Group**, which includes mutual-aid resources from:

- Fountain Fire Department
- Security Fire Department
- Fort Carson Fire & Emergency Services
- Stratmoor Hills Fire Protection District

Hanover Fire Protection District's current **ISO Public Protection Classification is 5/5Y**.

Hanover Fire Protection District Stations and Apparatus

Station 1

17550 S. Peyton Highway
Colorado Springs, CO 80928

Primary apparatus:

- **1 Type 3 Interface Engine** — 1,500 GPM pump, 750-gallon water tank, and foam capability.
- **1 Type 2 Water Tender** — 500 GPM pump and 2,500-gallon water tank.
- **1 Type 6 Brush Truck** — 375 GPM pump and 500-gallon water tank.

Station 2

Hanover Fire Protection District
13325 Old Pueblo Road
Fountain, CO 80817
(719) 382-1900

13325 Old Pueblo Road
Fountain, CO 80817

Station 2 is the District's primary staffed station and operates **24 hours a day, 7 days a week**.

Primary apparatus:

- **1 Type 1 Rescue-Style Engine** — 1,500 GPM pump and 750-gallon water tank.
- **1 Type 1 Water Tender** — 1,500 GPM pump and 2,500-gallon water tank.
- **1 Type 6 Brush Truck** — 375 GPM pump and 300-gallon water tank.
- **1 UTV** — 58-gallon water tank and pump; configurable for wildland firefighting or medical response, including patient transport by backboard.

Station 3

7960 Indian Village Heights
Fountain, CO 80817

Primary apparatus:

- **1 Type 3 Interface Engine** — 1,000 GPM pump and 500-gallon water tank.
- **1 Type 2 Water Tender** — 1,000 GPM pump and 3,000-gallon water tank.
- **1 Type 4 Brush Truck** — 250 GPM pump, 900-gallon water tank, and 6x6 capability.
- **1 BLS Ambulance.**

Emergency Response Planning

The apparatus and resources identified above represent the District's current emergency response capabilities. Apparatus availability and the specific resources assigned to an incident may vary depending on staffing, simultaneous emergency incidents, apparatus status, and incident conditions.

For significant structure fires, wildland fires, hazardous materials incidents, rescue incidents, or other emergencies requiring resources beyond Hanover Fire Protection District's available capabilities, additional resources may be requested through established **automatic-aid and mutual-aid agreements** with neighboring fire and emergency service agencies.

COLORADO SPRINGS FIRE DEPARTMENT
OFFICE OF THE FIRE CHIEF

September 29, 2026

Michael Myers, General Manager
Colorado Springs Utilities, System Planning Projects
1521 S. Hanock Expy
Colorado Springs, CO 80903

REF: Williams Creek Generating Station

Dear Mr. Myers,

This letter serves as a commitment by the City of Colorado Springs, Colorado, by and through its Fire Department ("CSFD"), to provide fire protection services during construction and operation of the Williams Creek Generating Station. The area of the City's commitment is noted on Exhibit A attached hereto.

Sincerely,

A handwritten signature in black ink, appearing to read "Randy Royal", is written over a light blue horizontal line.

Randy Royal
Fire Chief
