

MAP AMENDMENT - REZONE (RECOMMEND APPROVAL)

FULLER moved that the following Resolution be adopted:

BEFORE THE PLANNING COMMISSION

OF THE COUNTY OF EL PASO

STATE OF COLORADO

RESOLUTION NO. P-22-022  
SCHMIDT RESIDENTIAL MULTI-DWELLING REZONE

WHEREAS, Turkey Canon Quarry Inc. did file an application with the El Paso County Planning and Community Development Department for an amendment of the El Paso County Zoning Map to rezone property in the unincorporated area of El Paso County as described in Exhibit A, which is attached hereto and incorporated herein by reference, from the RR-5 (Residential Rural) zoning district to the RM-30 (Residential Multi-Dwelling) zoning district; and

WHEREAS, a public hearing was held by this Commission on March 2, 2023; and

WHEREAS, based on the evidence, testimony, exhibits, consideration of the Master Plan for the unincorporated area of the County, presentation and comments of the El Paso County Planning and Community Development Department and other County representatives, comments of public officials and agencies, comments from all interested persons, comments by the general public, and comments by the El Paso County Planning Commission Members during the hearing, this Commission finds as follows:

1. The application was properly submitted for consideration by the Planning Commission;
2. Proper posting, publication, and public notice were provided as required by law for the hearing before the Planning Commission;
3. The hearing before the Planning Commission was extensive and complete, that all pertinent facts, matters, and issues were submitted and that all interested persons and the general public were heard at that hearing;
4. All exhibits were received into evidence;
5. The proposed land use does not permit the use of an area containing a commercial mineral deposit in a manner which would interfere with the present or future extraction of such deposit by an extractor;

6. All data, surveys, analyses, studies, plans, and designs as are required by the State of Colorado and El Paso County have been submitted, reviewed, and found to meet all sound planning and engineering requirements of the El Paso County Subdivision Regulations; and
7. For the above-stated and other reasons, the proposed amendment of the El Paso County Zoning Map is in the best interest of the health, safety, morals, convenience, order, prosperity, and welfare of the citizens of El Paso County.

WHEREAS, when approving a map amendment, the Planning Commission and the Board of County Commissioners shall find that the request meets the criteria for approval outlined in Section 5.3.5.B (Map Amendment, Rezoning) of the El Paso County Land Development Code (2022):

1. The application is in general conformance with the El Paso County Master Plan including applicable Small Area Plans or there has been a substantial change in the character of the neighborhood since the land was last zoned;
2. The rezoning is in compliance with all applicable statutory provisions, including but not limited to C.R.S. § 30-28-111 § 30-28-113, and § 30-28-116;
3. The proposed land use or zone district is compatible with the existing and permitted land uses and zone districts in all directions; and
4. The site is suitable for the intended use, including the ability to meet the standards as described in Chapter 5 of the Land Development Code, for the intended zone district.

NOW, THEREFORE, BE IT RESOLVED, the El Paso County Planning Commission recommends that the petition of Turkey Canon Quarry Inc. for an amendment to the El Paso County Zoning Map to rezone property located in the unincorporated area of El Paso County from the RR-5 (Residential Rural) zoning district to the RM-30 (Residential Multi-Dwelling) zoning district be approved by the Board of County Commissioners with the following conditions and notations:

#### CONDITIONS

1. The developer shall comply with federal and state laws, regulations, ordinances, review and permit requirements, and other agency requirements. Applicable agencies include but are not limited to the Colorado Parks and Wildlife, Colorado Department of Transportation, U.S. Army Corps of Engineers and the U.S. Fish and Wildlife Service regarding the Endangered Species Act, particularly as it relates to the Preble's Meadow Jumping Mouse as a listed threatened species.
2. Any future or subsequent development and/or use of the property shall be in accordance with the use, density, and dimensional standards of the RM-30 (Residential Multi-Dwelling) zoning district and with the applicable sections of the El Paso County Land Development Code and Engineering Criteria Manual.

3. The applicant/developer and/or property owner(s) shall be required to participate in a fair and equitable manner in onsite and offsite transportation improvements required by the development's traffic impacts as identified in each traffic impact study (TIS) which shall be submitted with each subsequent land use application. This includes but is not limited to improvements to Vollmer Road and Marksheffel Road. The developer's design, construction, and financial obligations and responsibilities shall be determined with the preliminary plan and final plat approvals.

**NOTATIONS**

1. If a map amendment (rezoning) application has been disapproved by the Board of County Commissioners, resubmittal of the previously denied application will not be accepted for a period of one (1) year if it pertains to the same parcel of land and is an application for a change to the same zone that was previously denied. However, if evidence is presented showing that there has been a substantial change in physical conditions or circumstances, the Planning Commission may reconsider said application. The time limitation of one (1) year shall be computed from the date of final determination by the Board of County Commissioners or, in the event of court litigation, from the date of the entry of final judgment of any court of record.
2. Map amendment (rezoning) requests not forwarded to the Board of County Commissioners for consideration within 180 days of Planning Commission action will be deemed withdrawn and will have to be resubmitted in their entirety.
3. Final determinations of all road classifications, alignments, and intersections will be made at the time of preliminary plan when more detailed land use, traffic impacts, and preliminary road designs are available.

AND BE IT FURTHER RESOLVED that this Resolution and the recommendations contained herein be forwarded to the El Paso County Board of County Commissioners for its consideration.

PATTERSON seconded the adoption of the foregoing Resolution.

The roll having been called, the vote was as follows: circle one
