I live across from the Seglums and I am probably one of the few who will send you a request to grant this permit. These are very responsible dog owners and as I walk by each day with our dog, their dogs to come out to greet me. The four large dogs have bark collars on them and are simply just friendly pups. They are responsive to the collars so they might bark once, but that is it. The four smaller dogs are rarely out, do not bark loudly, and are no problem at all. I would love to see the smaller dogs out more often if possible. All are family pets and are very loved. I honestly think this situation has been overblown. Please, since everyone who has been emailed about this situation and have been asked to complain to you, are our neighbors here in Woodmoor and I may be in the minority on this issue, do NOT release my name to anyone else. Thank you for respecting my privacy :)
