I can't believe this is even under consideration! 8 dogs at one residence—regardless of whether they are all owned by the homeowner—is excessive and WILL cause complaints, I would hate to be a resident living near this menagerie. The sound of dogs barking will travel with the breeze and will create regular noise issues that none of us should have to put up with. Few people want to confront a dog owner to complain about that either. Please don't put us in such a position. An owner with 8 dogs requires a LOT more space than the Woodmoor properties provide. They should be buying ranch property that has plenty of acreage to separate the dog noise from resident's so it does not encroach in our peaceful enjoyment of our property. Thank you for your consideration.
