Subject: **Executed Easements and Easements Not Executed**
Grandview Reserve Lift Station Forcemain Interceptor at Saddlehorn

HRG Project Number: 201662.07

Date: June 21, 2024

The following is easement information for each of the 4 projects.

Grandview Lift Station: No easement acquisition necessary for the project.

Grandview Dual Force Mains and Gravity Interceptor Sewer: All necessary easements acquisition along Stapleton Rd and Curtis Rd is being negotiated and are in the process of final execution. Easements are labeled in the construction drawings in the C100 series sheets of each project.

Grandview Onsite sewer: No easement acquisition necessary for the project. The permanent sewer easements will be dedicated to the property by the owner via the plat or separate document.
