Re: Parcel # 7124202281
Address: 939 Walters Point
Lot: 127

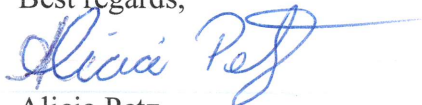

To EPC Planning and Community Development:

I am writing this letter on behalf of David Weekley Homes, LLC to get approval of admin relief. We are building a home that has an extended uncovered deck that goes into the 25' setback on LOT 127 (939 Walters Point) within the Cloverleaf subdivision. The strict application of rear setbacks for the attached decks are unreasonable or unnecessary given that the proposed deck is taller than the 18inch threshold in Section 5.4.3.D.8. Given the unique topography of the lot, we are unable to reduce the height of the deck without creating the need for additional grading and site disturbance as discussed in Section 5.5.1.D.2. of the Land Development Code. The intent of the Code and the specific regulation in question is preserved. The granting of the administrative relief will not result in an adverse impact on surrounding properties and will not increase the number of dwelling units on a parcel.

The adjacent properties are currently owned by David Weekley Homes, and we do not foresee any issues by allowing us to proceed with this request.

We appreciate your time and consideration on this matter.

Best regards,

Alicia Petz
