RE: Application for CMRS Co-Location Agreement
Dish Wireless Co-Location DNDEN00187A
Site Address: 20017 Beacon Lite Road

To Whom It May Concern:

Please accept this application for CMRS Co-Location Agreement for subject Dish Wireless co-location on the existing stealth cell tower at subject address, parcel number 7102200003. This tower is owned by Crown Castle, 2000 Corporate Drive, Canonsburg, PA 15317. The property is zoned "C-1" Commercial.

Dish is installing (3) new antennas on new T-Arm mount on the existing stealth monopine tower. On the ground, they are installing a new equipment platform with cabinets and associated equipment within the existing fenced tower compound. This installation for Dish is part of a nationwide build-out of their new wireless network, and this location is essential to ensuring coverage in the region.

This co-location will not result in any substantial change to the existing CMRS facility. There will not be an increase in height of the tower, there will not be more than the standard number of new equipment cabinets, there is no work outside the current site, and there are no proposed changes that would defeat any existing concealment efforts.

Please contact me if you have any questions or concerns.

Thank you,
