**Subject: Springs East at Waterview, Preliminary Plan (SP-17-010)**  
**El Paso County, CO; CGS Unique No. EP-18-0011 3**

Dear Ms. Ruiz:

Colorado Geological Survey has reviewed the updated documents for the Springs East at Waterview referral. The documents include a revised Letter of Intent (CPR Entitlement, June 2018) and updated Construction Drawings (Stantec Consulting, July 7, 2018).

To the best of our knowledge, Entech has not made additional changes to their Geologic Hazard investigation prior to its initial revision on February 21, 2018. **Our recommendations from our response letter #1 (November 28, 2017) regarding additional subsurface investigation and clarification of overexcavation depths (page 7) remain valid.**

Thank you for the opportunity to review and comment on this project. If you have questions or require further review, please call us at (303) 384-2660, or email [jlovekin@mines.edu](mailto:jlovekin@mines.edu).

Sincerely,
