Signature/Date

For Utility Use Only:

As identified in **Utility Rules and Regulations, 3. Development Fees, Resolution No. 231-11** the following payment amount will be billed to the company/individual identified above for:

- \$3,200** - HAR for development with more than 30 acres within the same pressure zone
- \$200/hour** for hours- HAR revisions/minor HAR

\$3200	- Total Amount to be Billed
---------------	------------------------------------

Authorized by: Jerry Edwards

Additional Information or Remarks:

To complete the HAR, at the discretion of Water Planning, additional information may be requested, that may include, but is not necessarily limited to the following:

- A positioned UDCF
- Preliminary elevations. Changes in elevations greater the 10 feet may require revisions to the HAR.
- Confirmed fire flow requirements, especially for multi-family, commercial, and industrial land uses.
- A description of planned phasing of development.
