Venetucci Farms Business Event Center, AL-21-15

Please accept the following comments from El Paso County Public Health (EPCPD) for the proposed business event center:

- **Water for the proposed operation will be provided by an outside caterer.**
- **Security-Widefield Water and Sanitation District provides water and wastewater to the adjacent caretaker residence but is not a part of the service to the event center.**
- **Wastewater service for the event center will be by portable toilets. Portable toilets are only approved for temporary use. Seasonal use is planned for the event center which meets the “temporary” use requirement. El Paso County Public Health also recommends, but does not require, the use of portable handwashing stations located adjacent to the portable toilets.**
- **Food and beverage caterer’s must be licensed food service establishments in the state of Colorado and must meet all requirements of the Colorado Retail Food Service Establishment Regulations.**
