RE: 645 Cimarron Administrative Relief

File: ADR-19-017  
Parcel ID No.: 6119001004

This is to inform you that the above referenced request for approval of an application for administrative relief to allow a 1,280 square foot residential accessory structure, which exceeds the standard of the size of the home was **approved** by the Planning and Community Development Director on October 31, 2019. The residence on the property is 1,097 square feet in size, which would ordinarily allow for an accessory structure up to 1,097 square feet without approval of the administrative relief request.

It is the determination and finding of the Planning and Community Development Department (PCD) Director that the application meets the review criteria for Administrative Relief included in Section 5.5.1 of the El Paso County Land Development Code (2019). Current and future use of the property shall continue to be governed by Table 5-1, Principal Uses, of the Land Development Code. Approval of the requested administrative relief application is subject to the following:

**CONDITIONS AND NOTATION**

**Conditions**

1. The approval applies only to the plans as submitted. Any expansion or additions to the proposed residential accessory structure may require separate application(s) and approval(s) if the development requirements of the applicable zoning district cannot be met.
2. Approval of a site plan by the Planning and Community Development Department and issuance of a building permit from the Pikes Peak Regional Building Department are required prior to construction of the residential accessory structure.

**Notation**

1. Physical variances approved for a proposed structure (except for lot area variances) are valid only if construction of the structure is initiated within twelve (12) months of the date of the approval.
