**SITE DEVELOPMENT PLAN LETTER OF INTENT CHECKLIST**

Revised: October 2023

**Site Development Plan Letter of Intent Requirements**

The letter of intent for a site development plan should summarize how the plan is in compliance with any of the requirements for approval of a site development plan in Chapter 6 of the LDC. The letter of intent should also specifically address any proposed alternative requests. The PCD Director may modify the applicable requirements, including requiring additional items or removing items, based upon the project and site-specific

**Letter of Intent**

- Owner name, contact telephone number, and email for responsible party
- Applicant name (if not owner), contact telephone number, and email for responsible party
- Property address
- Property tax schedule number
- Current zoning of the property
- A discussion summarizing the proposed request and compliance with the applicable requirements of the Land Development Code.
- A discussion regarding how the proposed request complies with the definition of the proposed use and any applicable use specific standards within the Land Development Code.
- A discussion regarding the provision of utilities.
- A discussion regarding anticipated traffic generation and access, unless a separate traffic study is required and is being provided.
- A discussion and justification of any alternatives being requested.

**SITE DEVELOPMENT PLAN CHECKLIST**

Revised: October 2023

**Site Plan Requirements**

In order to establish a use or obtain a building permit, in most cases, the LDC requires Site Development Plan Review for more complex uses (most often including multi-family, commercial, and industrial uses) to determine conformance of the proposed use(s) or structure(s) with the provisions of the LDC, ECM, or any other applicable regulations or any specific land use approvals or permits, and other rules, regulations, codes and ordinances administered by the PCD. Specifically, many of the requirements for approval of a site development plan can be found in Chapter 6 of the LDC. The use tables in Chapter 5 of the LDC (Table 5-1 and 5-2) identify when the applicant shall submit a Site Development Plan and when a PCD planner and engineer shall review a Site Development Plan to establish a use or to construct a structure. Site Development Plans are approved administratively by the PCD Director, unless otherwise modified by a condition of approval.

Minimum Map Contents: Must contain adequate information to determine compliance of the proposed use with the LDC and ECM, as applicable. If inadequate information is provided to determine whether or not the proposed action conforms to the LDC, more information will be requested. A PUD Development Guide associated with PUD zoning, if applicable, may require additional information and/or specifications to be addressed with the residential site plan application.

Typically, a parking plan, sign plan, landscape plan, lighting plan, elevation drawings, floor plan, grading and erosion control plan, and drainage plan are submitted concurrently as a separate plan set.

The PCD Director may modify the applicable requirements, including requiring additional items or removing items, based upon the project and site-specific circumstances.

**Summary Table to Include**

- Owner name, contact telephone number, and email for responsible party
- Applicant name (if not owner), contact telephone number, and email for responsible party
- Property address
- Property tax schedule number
- Current zoning of the property
- Legal description
- Lot/parcel size
- Lot area coverage calculation
- Existing/proposed land use and zoning
- Total gross building square footage
- Open space, landscaping, and impermeable surface percentage
- A note stating: The owner agrees on behalf of him/herself and any developer or builder successors and assignees that Subdivider and/or said successors and assigns shall be required to pay traffic impact fees in accordance with the El Paso County Road Impact Fee Program Resolution (Resolution No. 19-471), or any amendments thereto, at or prior to the time of building permit submittals. The fee obligation, if not paid at final plat recording, shall be documented on all sales documents and on plat notes to ensure that a title search would find the fee obligation before sale of the property.
- Parking computations (required, provided, etc.)

**Site Plan Drawing to Include**

- Date, north arrow, and a graphic scale
- Vicinity map showing the subdivision in relation to section lines and existing or proposed arterial or collector roadways.
- Location and dimension of the all property lines, rights-of-way, and all existing and proposed easements
- Signature block for the Planning and Community Development Director a minimum of 1 inch by 2 inches
- The footprint or all existing and proposed buildings and the setback distances from each existing and proposed structure to the property lines
- Location of all sidewalks, trails, fences and walls, retaining walls, or berms
- Location and dimensions of all existing and proposed signage on site
- Traffic circulation on site including all points of ingress/egress into the property
- The layout and location of all off-street parking, loading and other vehicular use areas, unless otherwise depicted in detail on a separate parking plan. If depicted on a separate parking plan then depiction of the parking areas are required.

**PARKING PLAN CHECKLIST**

Revised: October 2023

**Parking Plan Requirements**

The parking, loading, and maneuvering standards are designed to provide safe and efficient parking and maneuvering, encourage good circulation, discourage parking on roads, and reduce the potential for a land use to impact an adjacent land use or road due to an insufficient number of parking spaces or poor parking lot design. The parking plan shall meet the standards of Chapter 6 of the Land Development Code. The PCD Director may modify the applicable requirements, including requiring additional items or removing items, based upon the project and site-specific circumstances.

**Report Requirements**

- Owner name, contact telephone number, and email for responsible party
- Applicant name (if not owner), contact telephone number, and email for responsible party
- Report preparer name, telephone number and email for responsible party
- Vicinity map showing the property in relation to major roadways, if not otherwise provided with the associated site plan
- Location of all property lines, rights-of-way, and all existing and proposed easements.
- The outlines of all structures, parking lot lighting facilities, outside storage and display areas including seasonal display, and refuse collection area(s) in relation to the parking area.
- Width, depth, and angle of all parking bays, and graphical depiction of all drive aisles, easements, and points of ingress/egress onto property, including dimensions for each.
- Identification and percentage of all compact spaces.
- Location of all ADA parking spaces, ramps, pathways, and signs
- Location and dimensions of all sidewalks, trails, pedestrian crossings, ADA access points and routes.
- Traffic circulation on site including all points of ingress/egress into the property.
  - Sight distance triangles and any plantings, signs, walls and fences, structures, or other visual obstructions within the triangles where applicable.
  - If a drive-thru is proposed, show drive-thru lanes, menu board location(s), order location(s), and pick-up window location(s) with dimensions, including stacking spaces.
- Wheelstops and curbs with dimensions.
- Parking lot islands including proposed landscaping, unless a separate landscape plan has been provided.
  - Parking lot surface materials, striping plan, and any drainage improvements located within the parking area (e.g., crosspans).
  - Truck loading and turnaround areas and dimensions.
  - Bicycle parking area and detail.
- Parking Plan Summary Table to include the following elements:
  - Parking stall calculation based on square footage of building and corresponding land use
  - Number of required and proposed parking stalls
  - Number of required and proposed ADA stalls
  - Number of proposed compact parking stalls
  - Number of proposed bike parking stalls
- Typical drive aisles and roadway sections, properly drawn, dimensioned, and labeled.
- Typical parking detail (compact, standard, and ADA including van accessible).
- Typical curb and sidewalk detail.
- Driveway entrance detail.
- Any other additional items as required by the PCD Director deemed necessary to address the applicable review criteria

## EL PASO COUNTY PLANNING AND COMMUNITY DEVELOPMENT DEPARTMENT

### SIGN PLAN CHECKLIST

Revised: October 2023

#### Sign Plan Requirements

The purpose of the sign plan is to promote the public health, safety and general welfare through reasonable, consistent and non-discriminatory sign standards. The sign regulations are not intended to censor speech or to regulate viewpoints, but instead are intended to regulate the adverse secondary effects of signs. The sign regulations are especially intended to address the secondary effects that may adversely impact aesthetics, traffic, and pedestrian safety. The sign regulations are designed to serve substantial governmental interests and, in some cases, compelling governmental interests such as traffic safety and warning signs of threats to bodily injury or death.

The PCD Director may modify the applicable requirements, including requiring additional items or removing items, based upon the project and site-specific circumstances.
