Date Submitted: _____

Date Received and Accepted as Complete: _____

1. Matter of State Interest

The applicant requests that a permit be issued for each of the items checked

below: A permit to conduct one or more of the following matters of state interest:

- a. Efficient utilization of municipal and industrial water projects
- b. Site selection and construction of major new domestic water and sewage treatment system and or major extension of existing domestic water and sewage treatment systems
- ✓ c. Site selection and construction of major facilities of a public utility
- d. Development in areas containing or having a significant impact upon floodplain natural hazard areas
- e. Site selection and expansion of airports
- f. Site selection of arterial highways and interchanges and collector highways
- g. Site selection of rapid or mass transit facilities

2. Proposed Activity or Development

Front Range-Midway Solar Project, LLC (Applicant), a wholly owned subsidiary of Savion, LLC, is seeking an Amendment to the 1041 permit approved by El Paso County, Colorado on June 26, 2018 (AASI-18-002) to allow for modifications to the Front Range-Midway Solar Project (FRMW Project). The amended FRMW Project design (AASI-20-002) has been optimized resulting in changes to the Project.

- FRMW Project area change from 1,170 acres to 939 acres addressed in the WSE-O Plan
- Inclusion of O&M building details
- Inclusion of energy storage facility details
- Increase to the dimensional standards in the WSE-O Plan for maximum height of Project substation facilities from 35 feet to 70 feet and increase to the maximum height of overhead transmission and collection line poles from 90 feet to 100 feet

The FRMW Project (AASI-20-002) includes the Applicant's intent to construct, operate, and maintain a 100.2-megawatt (MW) photovoltaic solar energy generation facility. As approved, the facilities in the AASI-18-002 include proposed solar panels, a project substation, and meteorological monitoring devices (METs). Project accessory uses include collection lines (including an overhead transmission line and underground or overhead collection power lines), maintenance facilities, and any other uses necessary to carry out the intent of the overlay zoning, including but not limited to DC to AC inverters associated with the solar array, medium voltage transformers, circuit breakers and disconnect switches, and a communications system that would interconnect from the new project substation to one of the adjacent substations (Western Area Power Administration [WAPA] or Public Service Company of Colorado [PSCo]). The FRMW Project energy storage facility will be coupled to the solar facility through an AC electrical bus system. The energy storage will utilize battery technology to store the energy for later use. More details on this amendment are provided in the application attachments and additional information can be provided upon request.

3. Location of Development

The FRMW Project is located in Sections 17, 20, 21 and 22, Township 17 South, and Range 65 West in El Paso County, Colorado. The Project is located west of Interstate-25 (I-25) approximately 20 miles south of downtown Colorado Springs on private and El Paso County-owned lands secured by the Applicant through direct ownership and/or lease agreements. The amended FRMW WSE-O Plan is bounded on the west by county lands, an existing gas plant and by dispersed residential development, by rangeland to the north, by a gravel pit to the east, and by the Midway Waste Management Landfill to the south.

4. Legal Description

See Attachment 1 legal description.

5. Owners and Interests

Set out below the names of those persons holding recorded legal, equitable, contractual and option interests and any other person known to the applicant having any interest in the property described in paragraph 4, above, as well as the nature and extent of those interests for each person, provided that such recorded interests shall be limited to those which are recorded in the El Paso County Clerk and Recorder's Office, the land office of the Bureau of Land Management for this State, the Office of the State Board of Land Commissioners of the Department of Natural Resources, or the Secretary of State's Office of this State (attach additional sheets if necessary):

See Attachment 2 List of Project Property Owners and the Authority to Represent Letters.

6. Submission Requirements
