**RE: Xcel Energy's Colorado's Power Pathway Transmission Line
1041Areas and Activities of State Interest Permit: El Paso County**

Please be advised that Xcel Energy (applicant) has had an early assistance meeting with El Paso County for an Areas and Activities of State Interest Permit (1041 Permit) to locate and construct major facilities of public utility in El Paso County. Colorado's Power Pathway is being permitted through El Paso County's Regulations for Areas and Activities of State Interest (1041 Permit) process. Xcel Energy has submitted a 1041 Permit Application that provides more information about aspects of the Project.

Colorado's Power Pathway is a \$1.7 billion investment to improve the state's electric grid and enable future renewable energy development around the state. Colorado's Power Pathway will increase electric reliability, boost the regional economy and create jobs during construction.

Colorado's Power Pathway facilities proposed in El Paso County include approximately 45 miles of 345-kilovolt double-circuit transmission line. The transmission line will include the installation of steel monopoles of varying heights and conductor wire strung between each pole. As mentioned above, the transmission line segment is currently in the permitting phase at El Paso County and is anticipated to be in-service by 2027.

The transmission line route in El Paso County is generally oriented in a north to south direction in the area south of Simla, near the El Paso/Lincoln County line and is co-located along the following existing roads in El Paso County: Oil Well Road, Harrisville Road, Simla Highway, Rush Road, Holtwood Road, S Johnson Road, and Whittemore Road. Please reference the map included in this mailing or view the interactive map of the route at **ColoradosPowerPathway.com**.

The process the 1041 Application will follow includes intake by El Paso County of Xcel Energy's 1041 Permit Application, followed by County review and outside referral. The application will be reviewed by the El Paso County Board of County Commissioners during a public hearing.

The public hearing will be conducted on the referenced application at:

Time: 9:00 a.m.

Date: July 24, 2025

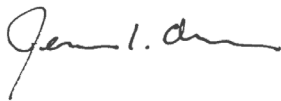

Location: Centennial Hall Auditorium 200 S. Cascade Ave., Colorado Springs, Colorado 80903

As a neighboring landowner and member of the public you are encouraged to participate. For more information about this application, please contact us at **855-858-9037** or email us at **ColoradosPowerPathway@xcelenergy.com**.
