DESCRIPTION OF THE REQUEST: (attach additional sheets if necessary):

I am requesting a dimensional variance for two sheds and one chicken coop located on my property. These structures have been in place for several years, are well maintained, and have not created any issues or concerns. They are used solely for residential purposes.

Granting this variance is requested due to financial hardship, as relocating or removing these structures would impose a significant financial burden. Approval of the variance would allow the continued use of the existing structures without negatively impacting neighboring properties or the surrounding area.
